BY A SMALL MAJORITY

Centre County Held by the Democracy.

ONLY A LIGHT VOTE POLLED

Returns Show Superior Court Ticket Cut in Many Precincts—Returns in Full.

Tuesday was election day and of course somebody had to be defeated. Owing to the failure of some of the precincts to get out the Republican vote, the two democratic candidates Smith and Singer were elected. It is estimated their majorities will fect up to about 80. The vote on both sides was very light, there being a noticeable falling off in many precincts from the vote last year. Democratic money floated around like dirt and was just as easy to get too. About a dozen big Democratic leaders worked like beavers all day and how much they spent for votes can only be estimated by the large number of drunks to be seen on the streets on Tuesday evening. The Democrats realized that if Centre county went Republican at this election they would never get it back again and consequently they blew in piles of money to get the votes. Old Democratic blokes who were broke on Monday had lots of money on Tuesday. Where did they get it? What did they get it for? From the Democrats for voting their ticket. Perhaps the largest vote was polled by Abe Miller on the Republican ticket and this fact shows that his old comrades stood by him to the last. H. C. Quigley polled a nice vote but could not overcome the normal Democratic majority in the county. One would have thought it a Presidential election by the way the Democrats were working and the result shows that their money carried the day.

Following are the complete returns by precincts.

AN EXPLANATORY LETTER

From J. W. Gephart, ex-President of the Val. Iron Co.

DETAILED FROM BEGINNING TO END

Relationship Between the Different Corporations—Attitude of the Pennsy Towards the Val. Iron Company—Correspondecne, etc.

AN OPEN LETTER ON THE PENN'A R. R. AND VALENTINE IRON CO. LITIGATION FROM J. W. GEPHART, PRESIDENT OF THE VALENTINE CO.

TO THE STOCKHOLDERS AND PATRONS OF THE VALENTINE IRON CO., AND THE BUSINESS COMMUNITY OF BELLEFONTE:

The time has now arrived for me as one of the late officers of the Valentine Iron Co. to justify the recent management before our stockholders, patrons and the business community in which our property was located. Until the recent decision of the Supreme Court, and until all litigation was ended any publication on my part would have been improper. But now that the Supreme Court has entered a final decree on our demurrer and refused to allow us to file an answer on the merits, I consider the controversy and our business is of such a public character in this community that I have a right to attempt to vindicate myself and the entire management from the unjust aspersions and imputations sought to be cast upon us in the eyes of the public by the final decision in this most important and far reaching case. In doing this I will endeavor to avoid all feeling, state the facts impartially, and allow the public to form their own conclusions.

On August 2d, 1886, the Valentine Ore Land Association bought the property formerly owned and operated by Valentine & Co. On the same day (Aug. 2, 1886) a mortgage for $600,000 was executed on the property. Of this sum $400,000 was used to pay the purchase money, and $200,000 to erect the present furnace, provide additional mining and other facilities for operating the plant on an enlarged basis.

More than seven months after this mortgage was executed and recorded (on March 23d, 1887) an agreement was made by the Valentine Ore Land Association who held the property subject to the mortgage, with the Penna. R. R., the Bald Eagle Valley R. R. and the Nittany Valley R. R. Co. This agreement was an attempt to monopolize the traffic of the furnace, to bind the Ore Land Association and the then Centre Iron Co. to give all their traffic to the Penna. system, and to prevent any future competitive line coming into this territory from securing any share of it. The trustee holding the prior mortgage was no party to the agreement, nor in any way assented to it. Of the $600,000 of mortgage bondholders, those holding bonds aggregating fully $500,000 were not consulted about this encumbrance on the property, knew nothing of it and never ratified it.

In November, 1890, the panic following the failure of Baring Bros. brought the Centre Iron Co. into financial straits. Several interest payments had been defaulted on the mortgage. Foreclosure followed, and in January, 1891, the property was sold on the mortgage, and purchased by the Trustee for the benefit of the holders of the entire $600,000 of bonds. As the sale carried no corporate franchises, a new corporation was organized (the Valentine Iron Co.) to whom the property was transferred and stock issued for $600,000 to the former holders of bonds and in lieu thereof. This new corporation entered into possession of the property about April 1st, 1891, and began manufacturing iron on the plant in June, 1891.

One of the first questions which confronted the Board of Directors was the agreement of March, 1887. The matter was discussed at almost our first meeting, and the legal conclusion reached that the foreclosure sale on a mortgage executed and recorded seven months prior to the agreement, divested the latter and wiped it out so far as the property of the Iron Co. was concerned. It was agreed that whatever that agreement amounted to as between the Penn'a. R. R. Co. and the Nittany Valley R. R. Co. the Iron Company's property was no longer subject to its provisions. We regarded this as of important value to the property, and assumed the position that this agreement was so far reaching in its consequences, conveyed away such valuable franchises and placed such an encumbrance on the property, that it could never be renewed except not only by a meeting of the Board of Directors, but also by positive action on the part of the stockholders.

On this basis, the new Directors treated with the Nittany Valley R. R. Co. and in all negotiations with them, denied that the March 22d, 1887, agreement was of any binding effect on the Iron Company's property in the hands of the new corporation,—that the foreclosure sale had wiped it out. In all Nittany Valley agreements made by the Board of Directors all rights vested in the Valentine Iron Co. by the foreclosure sale, were specially reserved, guarded and protected. No written agreements have ever been made by the Valentine Iron Company since its organization with the Penn'a. R. R. Co. on any subject either by the Board of Directors or the stockholders. No claims of any kind were ever presented by the Valentine Iron Company to the Penn'a R. R. Co. based on the agreement of March 22d, 1887. No request was made by the Penn'a Co. themselves to renew that agreement. No concessions in rates or otherwise were ever made to the Valentine Iron Co. or even claimed to be made under that agreement. No consideration of a single dollar, and not even a pin, ever passed from the Penn'a. R. R. Co. to the Valentine Iron Co. for the renewal of that agreement. If any such renewal ever occurred it was without corporate action by the Board of Directors or the stockholders of the Valentine Iron Company, and without consideration. How such a renewal of so important a contract under these conditions was possible I never was lawyer enough to comprehend, nor did our Company ever secure a legal adviser who imagined such a renewal ever would be forced on the property under these indisputable facts.

Our Company had renewed and repeated controversies with the freight department of the Penn's R. R. Co. on rates. But we never claimed any special rates because of the 1887 agreement. All we claimed was the same rates given to Bellefonte Furnace Company and every other furnace in the Central Penn'a. district. Even these we never received, as we were prepared to prove had the Supreme Court allowed us a chance. The fact is we never received our just rights under the laws against discrimination, and were not only not favored but actually discriminated against. This controversy and difficulty about rates began in June, 1891, and continued until February, 1893, and finally led to some of our principal stockholders assisting in securing the building of a competitive line to save [illegible]. A sufficient resume of this controversy will be found in the following letters which speak for themselves:

PENNSYLVANIA RAILROAD CO.,
Office of Assistant to the President,
PHILADELPHIA, PA., May 27, 1893.

Mr. J. Wesley Gehart, President Valentine Iron Company, Bellefonte, Pa.

DEAR SIR:—We are advised that the Valentine Iron Company (through you, its President), for itself and lessee of the Nittany Valley railroad, is aiding and encouraging the construction of a competing line of railroad in the territory covered by the agreement dated March 22, 1887, made with the Bald Eagle Valley Railroad company, and which, if true, is in violation thereof.

Will you kindly favor me with a prompt reply, stating whether or not our information is correct? Yours truly,

[Signed] SAMUEL REA,
Asst. to President.

BELLEFONTE, PA., JUNE 2ND, 1893.

SAMUEL REA,
Assistant to President
233 S. Fourth St., Philadelphia, Pa.

Dear Sir:—

Your favor of 27th ult., received. This company was incorporated Jan. 29th, 1891; and, of course, could not be a party to an agreement dated and executed March 22nd, 1887. Since the organization, I have been one of the officers, and, as far as my reccollection goes, no corporate action has been taken which could in any way be construed as bringing the Valentine Iron Company under any of the agreements or obligations entered into by either the Valentine Ore Land Association, the Bellefonte Iron Company or the Centre Iron Company. It would be difficult therefore, for us to violate said agreement, if we are no party to it, and in no way bound by its provisions.

The Valentine Iron Co., as such, is doing nothing towards the building of a competing line. Some individuals interested in the Valentine Co., owing to the changed attitude of your freight department towards the traffic of our furnace, have found it necessary to interest themselves and put new capital into the new line, in order to prevent their stock in the Valentine Iron Company from being rendered worthless. For 18 months the officers of our company attempted to prevent this injustice from being consummated. I exerted all my influence to prevent a breach—as did Judge Rhoads and Gov. Curtin. I warned Mr. Joyce, Mr. Chipley and Mr. Thompson that some of the Valentine stockholders would not submit to a changed basis of dealing with our property. But it was all to no effect.

In October and November last, it be-

BIG REPUBLICAN MAJORITY

Pennsylvania Crushes Democracy With One Grand Blow.

SIX SUPERIOR COURT UDGES

Were Elected by the Republicans—Almost Every County Turns Down the Democrats.

Philadelphia, Nov. 5.—The Republicans swept Pennsylvania to-day by the magnificent majority of 160,000. They elected their six candidates for Superior judge and the State Treasurer as follows:

Superior judges, James A. Beayer, of Centre; E. W. Willard, Lackawanna; Charles E. Rice, Luzerne; George B. Orlady, Huntingnon; Howard Reeder, Northampton; John J. Wickham, Beaver.

State Treasurer, Benjamin J. Haywood, of Mercer.

It will be impossible to-night to now positively which Democrat was elected. Superior Judges Yerkes ran ahead in Philadelphia, and it is believed here either he or Judge Magee, of Allegheny, will win. As Yerkes gained in many Eastern counties, it is thought he has been elected.

The chief feature of the contest in Pennsylvania was the way in which the several candidates for Superior Judge ran. Yerkes was a general Democratic favorite, but in Berks county Bechtel was neck and neck with him. Lackawanna, which is the home of Republican Judge Willard and Democratic candidate Smith, did some fine cutting. Willard ran ahead of his ticket about 4,500 and Smith beat the rest of the Democrats 3,000. Judge Rice, who lives over the line in Luzerne county, was nearly up to Willard in Lackawanna, Both ran far ahead of their ticket in Luzerne. General Beaver ran behind in Montgomery while Judge Orlady was at the bottom in Bucks, the home of ex-State Chairman Gilkeson.

The latest returns up to midnight show that the majority in the State will be at least 160,000. The majority in Philadelphia may reach 70,000. Complete returns also strongly indicate the election of Judge Yerkes as the Democratic Superior judge, as he has run ahead largely in Philadelphia and almost every eastern county. Judge Smith was second in this city.

Philadelphia rolled up a splendid majority for the whole State and city Republican ticket. It will not be less than 50,000. Judge Craig Biddle and District Attorney George S. Graham and Coroner S. H. Ashbridge, were triumphantly re-elected. William M. Geary, whom the Democrats had hoped to defeate, won for Recorder of Deeds by a majority about equal to that given the State ticket. J. M. Walton was elected Controller, and William B. Ahern. Clerk of Quarter Sessions. Both the latter had been appointed by Gov. Hastings and their triumph to-day indicates that Philadelphia is still true to its chosen chieftain.

Returns from the State show that Judge George B. Orlady, of Huntingdon, was perhaps cut more frequently than any other Republican on the Superior Court ticket.

Complete returns from a number of wards show that the total vote polled in the city was about 160,000, or about 80 per cent, of that last year. It about equals that of 1893. The vote in the State is estimated to be 80 per cent. of the 1893 vote making the total to-day in the neighborhood of 800,000.

Women in Greece.

Women are taking more and more active part in the life of Greece. As a result of long Turkish domination, they have been much excluded from many lines of industry which have been opened to women in Europe and this country. But they are also beginning to make their influence felt in political directions. It is customary at each election in Greece to have representatives of the different political parties at the polls. The women who are agitating for political rights had representatives at the polls at the last election for deputies. The government has now said that women must not be present. The women protest, and declare that they will be present at the next election, which occurs in about a month. In the last election the women printed many tracts and held meetings, and the editor of a Greek paper estimates that one-third of the chamber was elected by their influence.—*Christian Register.*

Died Wednesday Morning.

At 5 o'clock Wednesday morning the death angel stole in and claimed the soul of Samuel Gilliland, Sr., of Oak Hall. At the time of his death the deceased was about 83 years old, and had been gradually sinking for some time. He was the father of Mrs. Hammond Sechler, of Bellefonte.

COUNCIL ECHOES.

Borough Fathers in Regular Session Act on But Few Bills.

Council convened in regular session on Monday evening with President Miller and members Brachbill, Keller, Brockerhoff, Williams and Gerberich in attendance. Very little business was transacted, council only being in session about half an hour. The minutes of the previous meeting were read by Clerk Isaac Mitchell and were approved as read. William Hill appeared and complained of the bad condition of the pavement in front of the residence of A. M. Hoover on Pike street. The matter was referred to the street committee for investigation.

The street committee reported that the broken stone on Curtin street had been covered with ashes and that five doors had been made to cover the gutters on that street. They reported repairs on Ridge street from Howard to Lamb, and on boardwalks on Curtin street. They also stated that repairs had been made on the boardwalk on the extreme end of West Willowbank street near the borough line.

The market committee reported $3.10 collected from Thomas Shanghensey as market clerk.

The water committee reported repairs on boiler No. 1, at the water works and stated that other repairs were necessary.

Orders were directed to be drawn for the following bills:

Authority of Teachers.

The jurisdiction and authority of the teacher over the pupil is neither limited by the school house walls, nor the time the school is actually in session. As a general rule in all matters connected with the schools and the manners and morals of the scholars the teachers jurisdiction conjointly with the parents commences when the pupils leave the parental roof and continues until their return from school. The teacher, however, is not responsible for the misconduct of pupils on the way to and from school, though he has a right to punish for such misconduct, when brought to his knowledge. This is the Pennsylvania decision on the subject.

JOHN P. HARRIS IS PRESIDENT.

Of the Valentine Furnace Co., Vice J. W. Gephart, Resigned.

Several changes have been made in the board of directors and officers of the Valentine Furnace Co. which as far as changing the present situation of the affairs remains yet to be seen. Owing to the late decree of the Supreme court relative to the Valentine Furnace company, J. W. Gephart has resigned as President of the the company and John P. Harris has been elected to fill the vacancy. Mortimer Donoughoe has been elected Superintendent of the Nittany Valley Railroad. Harry C. Valentine became a member of the directors of the furnace company and Robert Valentine remains secretary and Treasurer of the Corporation.

The conference lately held in Philadelphia between a committe from the Val. Furnace Co. and the officers of the Penna. R. R. resulted in a satisfactory agreement being made. Under the th new arrangements as far as practicable all the product of the furnace will be shipped over the Pennsylvania Railroad. This shipping has a freight value of from $150,000 to $200,000, annually. Formerly under the management of J. W. Gephart the shipping was done over the Nittany Valley road and thence via Reading to a market

The change in officers was made so as to enable Mr. Gephart to devote his entire attention to the C. R. R. of Pa. of which road he is the General Superintendent. In 1890, the Centre Iron Co. was sold by the sheriff and was subsequently purchased by J. W. Gephart who organized the Valentine Iron Co. As president of the company Mr. Gephart has made a complete success of the work and to his untiring efforts is due to the present activity that is being experienced at the Furnace at the present time. It is not thought that the late decree of the Supreme court will injure the C. R. R. of Pa., to any extent.

All sorts of rumors were afloat to-day relative to the change in the Board of Directors and the above in formation came direct from the headquarters of the corporation.

—The editor of the *Review of Reviews* finds several incidents in this fall's political situation on which to comment with effect in "The Progress of the World" for October; the part played by the liquor question in the New York campaign is very clearly described. The present difficulties of the U. S. Treasury and the bearings thereof on national politics are discussed. The opening of the Atlanta Exposition and the recent patriotic gatherings at Louisville and Chickamauga, the international yacht racing fiasco, the building of American battle ships and Lord Wolseley's appointment as Commander-in-Chief of the British Army, are among the topics included in the month's survey. The Madagascar campaign, the massacre of missionaries in China, the Armenian question and progress in South Africa under Cecil Rhodes (whose portrait serves as the frontispiece of this number of the *Review*) are matters of international interest which also pass under editorial review.

Castles in the Air.

"Amid the myriad troubles that meet us day by day.
Who would not from the conflict a moment turn away.
And in a far-off fairyland, where men no burdens bear,
Forget a while our tears and toil, in 'Castles in the Air'."

So writes Jacob Gough, and he goes on to suggest that this sort of castle building is a proper relief for weary folks. How many a man is sick and miserable who dreams of health and happiness. In this matter he had better be doing than dreaming. "What shall he do?" you ask. Why, take Dr. Pierce's Golden Medical Discovery to be sure. It cures affections of throat and lungs, incipient consumption disordered liver, sore throat, bronchitis, asthma, catarrh, ulcers, scrofulous tumors and swellings, bad blood, fever and ague, and dropsy. Pierce guarantees a cure.

Three Cars Derailed.

Reading, Pa., Oct. 31.—While the Philadelphia and Reading passenger train which left here at 10.15 a. m. for Allentown, was running between Mertztown and Shamrock, a rail broke. Three passenger cars left the track and careened over against the embankment. Among those injured were:

Miss Mary F. Rite, of Rock, leg hurt Mrs. Laura Hart, Paterson, N. Y. hand slightly hurt; Mrs. Esther Deyher, of Kutztown, leg bruised; Jame Hote, Steelton, leg bruised; Thomas Harris, Philadelphia, leg bruised; George Mundell, Reading, hurt about the hand.

Will Not Fight.

LITTLE ROCK, Ark., Nov. 1.—Both Corbet and Fitzsimmons' cases have been postponed until to-morrow. Chancellor Martin this afternoon issued a temporary injunction restraining all the pugilists, their backers and trainers, the Hot Springs Athletic club and the officers of Hot Springs from bringing off any fight. This settles any fighting in Arkansas at least for twenty days, when the writ is returnable.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Durrant Found Guilty.

San Francisco, Cal., Nov. 1.—Theodore Durrant, assistant superintendent of Emanuel Baptist church Sunday school, was to-day convicted of the murder of Blanche Lamont after he had been on trial since July 22 last. The jury was out twenty minutes, and arrived at the verdict on the first ballot. As there was no recommendation of mercy the penalty was fixed at death.

It was exactly 21 minutes from the time the jury left the court room to the time the verdict was announced, but that time was not all taken up in deliberation. In fact, there was no deliberation at all. The jury had evidently decided upon a verdict before they left the box. It was 3.34 when they filed out of the court room into the grand jury room, which had been placed at their disposal. It took the twelve men until 3.50 before they settled themselves comfortably, and at 3.55 a knock on the door announced to the anxious waiters that a verdict had been found. It took just five minutes of actual time to elect a foreman and take the one ballot necessary.

Lecture Monday Evening.

Rev. Frederick J. Stanley who is to lecture in the Presbyterian church to-morrow morning, will also give another lecture on Monday evening. The subject of his second lecture will be "The Marvelous Treaty of Peace, Concluding the late Chino-Japanese War." The far reaching results for Asia and the world particularly America in the 19th and 20th centuries, are fully set forth. This popular lecture gives lucidly the causes of the past 1200 years, in China, Korea and Japan, producing this great Oriental conflit. The political, commercial and religious *Significance* of both the war and the several stipulations of the treaty to the church of God and the American Citizen, are clearly presented.

The Fine Arts building in the exact centre of the Tennessee Centennial Exposition grounds will be a perfect reproduction of the famous Parthenon at Athens.

In front of the Parthenon will stand a heroic statue of Minerva, and a little further a bridge built on the design of the Rialto at Venice will span an arm of the lake 100 feet wide. In the rear of the Parthenon, two rows of majestic columns will mark the walk to the Commerce building. There will be statuary and architectural beauties in all portions of the Park. All buildings are to be constructed of white staff and all designs will be either colonial or Greek.

Tragedy at Tiffin.

Tiffin, O., Oct. 31.—Another terrible tragedy occurred at Green Spring, this county, about 9 o'clock this morning. Albert Fox, a prominent farmer of that vicinity, married Miss A. Kunsmannon October last, and to-day a quarrel took place over an illegitimate child of Fox's wife, for whose parentage the brother of the woman is charged. After learning the truth Fox shot his wife through the neck and fatally injured her, and also shot at his brother-in-law, the bullet passing through his coat. He then put a bullet through his brain, which caused instant death.

Pardon Asked for Bardsley.

Philadelphia, Nov. 1.—Robert Alexander, counsel for ex-City Treasurer John Bardsley, and assignee of the Bardsley estate, made formal announcement to-day that he would apply to the board of pardons for a full pardon of his client on November 29, the date of the next meeting of the board. Bardsley was, on July 2, 1891, sentenced to fifteen years' imprisonment in the penitentiary, and to a fine of $237,350 for embezzlement of the city funds, to which he confessed. The embezzlement amounted to nearly $1,000,000

Announcement.

Owing to a petition with 10,000 signatures the DAILY NEWS will not run the "Kicker's Retreat" column to-morrow as was intended. The truth of the matter is that a great many people in Bellefonte want to restore peace with all their enemies before the NEWS commences to use this column for the wants of disgruntled people. We sincerely hope to pacify these petitioners in a few days, and if nothing unforeseen happens we will run the first "Kicker's Retreat" column on Saturday, November 9. Look for it.

Both Hands Injured.

Tuesday afternoon a man named Walk met with quite a serious accident at the Leoe planing mill, on Jared street. In running a piece of lumber through the planer his right hand was caught in the knives and a chunk cut out of the fleshy part above the little finger, and the thumb of the left hand was cut off between the nail and the first joint back of it.—Dubois *Courier*.

Going to the Hospital.

Frank Miller (colored) is going to the University Hospital in Philadelphia to be operated on to remove the large growth on the left side of his neck. This growth has been getting larger every year and it was deemed advisable to have it removed now as soon as possible. General Beaver is making the arrangements for the operation.

Why they Succeed.

Because they advertise in the DAILY NEWS. Merchants can speak to more people through the NEWS columns than any other paper in town. We are holding all our old advertisers and getting new ones everyday. Try it yourself and be convinced like many others have done.

WHAT THEY DID WEDNESDAY NIGHT.

Although It Rained the Boys Were In Their Element.

Thursday evening was all Hallowe'een and the boys were in their element. Although a drizzling rain kept up during the whole evening it did not seem to have any effect on those who were out having their fun at the other people's expense. Starting right at home here we found an empty beer keg on the door step of the DAILY NEWS office. The miscreants evidently got the NEWS office mixed up with the *Centre Magnet* office and this no doubt, accounts for the keg being at our office. Almost every pair of steps that was not chained to the centre of the earth was removed to some new location, and crossing planks were treated the same way. Many a poor unfortunate victim stumbled over a brush pile or a heap of stones last night and went headlong into the mud. Matches were put into electric bell buttons, and thus brought out peaceful sleepers from their beds to stop the door bells from ringing. This under the circumstances was all right, but when a barrel-full of ashes is placed against a front door and then the bell pulled resulting in the door being opened from the inside which lets the ashes fall gently into the hall, it is going a little bit too far. Many wagons, not pulled by horses, were flying this way and that, perhaps chased by the owner. One poor boy had a mud bath near the stone school building. He retired and was seen no more that evening. Small buildings were upset and it was a common sight to see barrels come rolling down High street at the rate of a mile a minute. Some boys stole a sleigh and after they had pulled it about four squares they were invited to take it back by the owner. It pulled much harder going back than it did when they first took it. Remnants of the Y. M. C. A. could be seen this morning suspended in mid air in the vicinity of Linn street. Of course how they got there is a mystery. Tom. Shaughensy will have a steady job for a full week replacing borough property the location of which at the present time is unknown.

"What's all the bloomin' row about?" asked Corbett on parade.
"They say you want to knock me out," the lank Fitzsimmons sayed.
Then Corbett sought a copper and the copper locked Fitz up,
And Julian vowed that Brady was a bloody, bloomin' pup.—Pittsburg *Times*.

Will Start Again.

Centre Hall's most important industry will resume operations again after a discontinuance of manufacturing for several months, and the shops will be started as soon as possible.

Mr. E. M. Huyett has retired from the firm of Huyett & Rearick, and Mr. W. O. Rearick will carry on the business himself. He will manufacture the ornplanter, and other farm implements, and work will be given several men.

The shops will be started next week, and as soon as possible every department will be in full operation.—*Reporter*.

U. of P. Wins Again.

Philadelphia, Nov. 1.—The University of Pennsylvania defeated the Chicago Athletic club this afternoon by the score of 12 to 4. It was the first time that the University was scored against this season. The play of the Chicago men was very rough, slugging being a feature of their play. After the game Dr. Wood, of the University faculty, remarked that no games with athletic clubs would be scheduled by the University hereafter; that the University team would not be permitted to play athletic clubs in the future.

Gilroy Held for Court.

A. H. Gilroy, the Williamsport man who was arrested on suspicion of being responsible for the three incendiary fires in that city yesterday morning, was given a hearing this morning and was held for court in the sum of $5,000 bail. While the evidence is strong it is purely circumstantial. Gilroy is one of the best known young man in that city.

Fascinating Golf.

Do you play golf? If you do, you are bound to be an enthusiast or nothing, and never tire of telling or listening to tales of prowess on the "green;" and if you do not and have any "golfing" friends, you should make haste to learn all you can about it or reconcile yourself to losing their friendship, for not to know golf places you in another sphere entirely, and the golfer will tell you frankly, "You have no soul." That it is a charming and health-giving game, no one can deny; and after reading the handsomely illustrated article, "Fascinating Golf," in Demorest's Magazine for November, one can understand something of the enthusiasm it arouses, and the fascination it exercises over its devotees. Another article of interest to all women is "Woman Guardians of Patriotism," which gives many interesting facts about the Daughters of the American Revolution which have never before been published, and the illustrations include portraits of the officers of the national organization, and most of the State regents. The same number is replete with charming stories by Joseph Hatton, Margaret Sutton Briscoe, Sarah Bierce Scarborough, and other well known writers, and everyone is bound to find something interesting and useful in the different departments for which this magazine is noted.

The Christmas number of this ideal Family Magazine is to have numerous holiday attractions, among them a charming water-color of "Chrysanthemums," by the eminent flower-painter De Longpre, which is to be given as a Christmas supplement; and anyone may obtain it, also a December number of Demorest's, by cutting out this notice and forwarding it, with twenty cents in stamps, to the address below. No one should neglect to take advantage of this exceptional offer. Demores'ts is published for $2.00 a year by the Demorest Publishing Co., 110 Fifth Avenue, Ne

Found a Baby in His Barn.

Johnstown, Pa., Nov. 1.—A baby about a month old, encased in a large valise, was found in a barn belonging to Jerome Detwiler, of Westmont, this afternoon. The valise had seven air holes cut in it. The baby was alive and well. Mr. Detwiler will adopt the baby. The tracks of the parties hiding the child were followed for some distance, but were finally lost sight of.

SINFUL HABITS IN YOUTH

LATER EXCESSES IN MANHOOD

MAKE NERVOUS, DISEASED MEN

THE RESULT of ignorance and folly in youth, overexertion of mind and body indulged by lust and exposure are constantly wrecking the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, at the blossom of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. The victims are found in all stations of life:—The farm, the office, the workshop, the pulpit, the trades and the professions.

A Broad Minded Divine.

EVERYONE IN SYRACUSE KNOWS REV. S. R. CALTHROP.

A Scholarly, Christian Man and a Beloved Pastor, Who Believes in Training the Body as Well as the Mind.

REV. DR. CALTHROP, SYRACUSE, N. Y.

The twenty-ninth day of April is a notable day in the history of the May Memorial Church in Syracuse, as it is the anniversary of the installation of the Rev. Samuel R. Calthrop, D. D., the eminent divine who so long has ministered to them spiritually as pastor of the Church.

Dr. Calthrop was born in England and received his preparatory scholastic training at St. Paul's School, London. Entering Trinity College, Cambridge, he soon became a bright figure in that brilliant coterie of scholars, literary men and wits that followed in the traditions of Macaulay and his associates at the university. In the middle of the century he visited Syracuse and received his first impressions of the young city that nearly a score of years late. he was to choose as his home and in which his labors have been so long and effective. The masterly pulpit addresses of Dr. Calthrop have had their fundamentals drawn from the deepest research. His people have been instructed by him, not only in things spiritual, but in the elements of the broadest culture, in literature in art and in science. His young men have been taught a muscular system of morality. In these and in many other ways has he endeared himself to his congregation, which is one of the most highly cultured and wealthy in the city.

Dr. Calthrop has a striking personality. To the eye he is a most picturesque figure. His head and face, framed in luxuriant masses of silky, snow white hair and beard, are of the type of Bryant and Longfellow. Although over seventy years old, his rather spare figure is firm and erect, and every movement is active and graceful. His whole life long he has been an ardent admirer and promoter of athletic sports, and even at his advanced age, plays tennis with all the vigor and skill of a young man. To Syracusans, perhaps, this remarkably versatile man is most widely known, apart from his profession, as a scientist.

On a bright April morning a reporter followed the winding driveway that curving around the hill leads to Calthrop Lodge, an old-fashioned, red brick mansion, surrounded by a grove of oaks and chestnuts. Wearing a black skull cap and a black coat of semi-clerical cut, the master of Calthrop Lodge graciously received the reporter who called to inquire about his health, for, though manfully repressing all possible evidences of his suffering, Dr. Calthrop for many years has been the victim of a distressing affliction, until by fortunate chance he was led to take the remedy which has effectually cured him.

During more than half of his pastorate in Syracuse, Dr. Calthrop has been troubled with rheumatism, and at intervals he suffered excruciating agony from it. At times the pain was so great as to prevent him from walking. Many remedies were tried without success, and he and his friends had given up hope of a permanent cure or of more than temporary relief when he took the preparation that drove the disease completely from his system.

In a letter written to the editor of *The Evening News*, of Syracuse, last year, Dr. Calthrop told of his affliction and its cure. This is Dr. Calthrop's letter:

To the Editor of *The Evening News*—Dear Sir: More than thirty-five years ago I wrenched my left knee, throwing it almost from its socket. Great swelling followed, and the synovial juice kept leaking from the joint.

This made me lame for years, and from time to time the weak knee would give out entirely, and the swelling would commence. This was always occasioned by some strain like a sudden stop. The knee gradually recovered, but always was weaker than the other.

About fifteen years ago the swelling recommenced, this time without any wrench at all, and before long I realized that this was rheumatism settling in the weakest part of the body. The trouble came so often that I was obliged to carry an opiate in my pocket everywhere I went. I had generally a packet in my waistcoat pocket, but in going to a conference at Buffalo I forgot it, and as the car was damp and cold, before I got to Buffalo my knee was swollen to twice its natural size.

I had seen the good effects that Pink Pills were having in such cases and I tried them myself with the result that I have never had a twinge or a swelling since. This was effected by taking seven or eight boxes.

I need not say that I am thankful for my recovered independence, but I will add that my knee is far stronger than it has been for thirty-five years.

I took one pill at my meals three times a day.

I gladly give you this statement.

Yours, S. R. CALTHROP.

Since writing this letter Dr. Calthrop has not had any visits from his old enemy and is even more cordial now in his recommendation of Dr. Williams' Pink Pills than he was then. To the reporter he said:

"I am continually recommending Dr. Williams' Pink Pills to acquaintances and those I chance to meet who are troubled with rheumatism or locomotor ataxia.

"Pink Pills," continued Dr. Calthrop, "are the best thing of the kind I know of. They are infinitely superior to most medicines that are put up for sale. I know pretty well what the pills contain, and I consider it an excellent prescription. It is such a one as I might get from my doctor, but he would not give it in such a compact form and so convenient to take.

"I recommend the pills highly to all who are troubled with rheumatism, locomotor ataxia, or any impoverishment of the blood."

Dr. Williams' Pink Pills for Pale People have an enormous sale. An analysis of their properties shows that they contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexions, that tired feeling resulting from nervous prostration; all diseases resulting from vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. There are no ill effects following the use of this wonderful medicine, and it can be given to children with perfect safety.

MAY MEMORIAL CHURCH, SYRACUSE, N. Y.

These pills are manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box or six boxes for $2.50, and are never sold in bulk. They may be had of all druggists or direct by mail from Dr. Williams' Medicine Company. The price at which these Pills are sold makes a course of treatment inexpensive as compared with other remedies.—*From the Evening News, Syracuse, N. Y.*

ROASTED AT THE STAKE.

Tyler, Tex., Was the Scene of a Barbaric Lynching of a Negro Murderer.

Tyler, Tex., Oct. 30.—News reached this city at 6 o'clock Monday night of the murder of the 19-year-old wife of Leonard Bell, a farmer living four miles north of here. Mrs. Bell had been visiting her mother, a short distance away, and after leaving there she was not seen again alive. Shortly afterwards her mutilated body was found lying beside the public road, with her throat cut and disembowled.

There was evidence of a hard struggle for honor and life, as her clothing was almost torn from her body, and the ground was covered with blood for many feet around.

Bloodhounds were put upon the trail of the murderer, and about 4 o'clock yesterday morning he was surprised in a cotton pen, asleep, nearly twenty miles from the scene of his crime. He was Henry Hilliard, a mulatto. His captors started on the return and were met at the scene of the murder by a posse of 2,000 armed men.

The prisoner was taken from the officers and a committee of seven prominent men of this county were appointed to establish his identity. Witnesses were called, and a stenographer was on hand to take testimony. The evidence was full and conclusive. The man then confessed the crime.

A vote was taken as to the mode of punishment. It was unanimously decided to burn him, and it was agreed that he should suffer his penalty on the public square in this city.

The line of march was taken up towards Tyler, and 4 o'clock the head of the line, which was two miles long, entered the main plaza, where 15,000 people had assembled.

At 4.30 o'clock a scaffold was erected in the centre of the square. Wagons loaded with kindling wood, coal oil and straw were driven to the scene and placed in position. The negro was then given an opportunity to speak. His words were at first inaudible, but when he offered up his last prayer he could be heard for several blocks.

Hilliard was then lashed to the iron rail that extended through the platform with chains, and Mr. Bell, the husband of the murdered woman, applied the match. The flames shot upward, enveloping the brute in sheets of fire.

The wretch begged for mercy, but was reminded that the same mercy was meted out to him that he gave to his victim.

He was not permitted to burn quickly. The fire was frequently quenched, and after the lapse of a few moments started again. It was exactly fifty minutes from the time the match was applied until his torture was ended by death.

Hundreds of negroes witnessed the execution, and representative negroes expressed their approval of the punishment.

At a late hour last night the negro's body was still burning.

Tyler is the home of United States Senator Horace Chilton and of ex-Governor James S. Hogg.

A Letter to Aunt Rachael.

CAIRO, Ill., August 29.

To Aunt Rachael Speer at Passaic, N. J.:

DEAR MADAM:—We have used your Malarial Bitters for several months past and find it the very best tonic we have ever used to effectually wipe out all traces of malarial fever.

My wife has been sickley, feverish, weak and languid for the past four seasons, and tried almost everything. We heard so much of your bitters that I concluded to try it; my wife's appetite has returned and she is strong, well and sprightly again and all owing to your Peruvian Malarial Bitters. G. H. WOODWARD.

To Tear Out Fish Dams.

Sheriff Condo, of Centre county, has received instructions from the state commissions to proceed to Karthaus and tear out all the fish dams and baskets from that place on the Susquehanna river to Keating and from there to Beeck Creek and demolish all the fish dams and baskets in the Bald Eagle from the latter place to Milesburg.

When The Chill Mists of the Morning

Hang like a pall over the surface of the earth, it will be well for you before venturing into the raw vaporous air, charged, perhaps, with the seeds of malaria or provocative of rheumatic twinges, to take a wineglassful of Hostetter's Stomach Bitters, and thus shield yourself from atmospheric influences threatening to health. If you happen to get snowed, sleeted or rained upon, use the same preventive, and avoid the rheumatism or a dangerous cold. The agreeable warmth infused into the circulation by this genial stomachic, its invigorating and regulating properties commend it to all appreciative of the fact that prevention is better than cure. Use the Bitters for dyspepsia, billiousnes, nervousness and kidney trouble, sick headache and debility.

Boys on a Strike.

Thirty boys employed at the Olean glass works have struck for higher wages and consequently the blowers are idle. The boys were receiving 50 cents a day and their demand is for an increase of 25 cents per day.

—A baby boy came to bless the home of Mr. and Mrs. George L. Holter, formerly of State College, but now of Oklahoma.

COLD IN HEAD

The Pague Court-Martial.

Chicago, Oct. 30.—The Pague court martial held its final session at Fort Sheridan to-day, and the Court has only to consider its verdict. The Court has agreed that the arguments of counsel shall be heard in secret, and the public were accordingly excluded from the remainder of the proceedings.

The verdict of the Court will be sent under seal to the General commanding the Department, who will transmit it to Washington, except in the event of an acquittal, when he will publish it in a special order. The prisoner's friends look for a complete acquittal, but the general opinion at Fort Sheridan is that an acquittal on the ground of insanity is the most favorable outcome that can be expected. The finding of the Court may not be published for some time.

A Pointer.

We would like to offer a suggestion to the people of Bellefonte for this winter. Don't ship a big box of clothing and provision a thousand miles away when there is a little boy freezing just around the corner, probably within a few feet of you. It is all right to send help away but take care of the destitute at your own doors before you go any farther away. There is enough destitution right here in our own town without looking some place else for it. Don't hesitate about giving a Presbyterian coat to a Methodist boy or a Methodist pair of pants to a Lutheran. Give the clothing to the needy, regardless of the religious faith of his parents or his relatives, and you will have done an act that is commendable in the eyes of the Almighty.

Children Cry for Pitcher's Castoria.

We have on our table, just received two sample copies of a fashion paper, *The Queen of Fashion*. It claims to be the best ladies' fashion journal published and not without reason, for it is a remarkable production at the price asked, viz: Fifty cents a year, at five cents per copy. It is issued monthly, the size of the pages are the same as *The Bazaar*, and there are sixteen of them, beautifully illustrated. It will cerainly be very interesting to the ladies, and so cheap that any, however poor, can afford to add this beautiful paper to their list of periodicals. It is etched by Francis M. Benson. The publishers are The McCall Co., No. 46 East Fourteenth street, New York. We shall be pleased to have the publishers favor us with a copy every month.

The great increase in the number of bicycles carried by passengers on the Pennsylvania railroad has led to the issuance of an order that the railroad will no longer carry bicycles free as passengers' baggage. They will be rated the same as excess baggage, except that the minimum charge will be 15 cents. The order does not meet with favor from the wheelmen, who think if heavy trunks can be carried free, bicycles should also.

Big Fire at Dauphin.

Harrisburg, Oct. 31.—The lumber yards of Kramer & Stevenson at Dauphin were entirely destroyed by fire to-day, entailing a loss of $60,000, partially covered by insurance. The blaze is thought to have been caused by a spark from a locomotive. Harrisburg firemen saved the mill and the town.

The walks of the Tennessee Centennial Exposition will be constructed of asphalt. Broken stone, gravel, wood sand and tanbark have been tried before. Nothing makes a more perfect surface than asphalt. Heretofore it has usually been deemed too expensive for exposition purposes, but the Centennial management has succeeded in securing the splendid material for all of its extensive system of walks and drives, and that of itself will be a feature.

germ-life

The doctors tell us, now-a-days, that disease germs are everywhere; in the air, in the water, in our food, clothes, money; that they get into our bodies, live there, thrive and grow, if they find anything to thrive on.

Consumption is the destruction of lung-tissue by germs where the lung is too weak to conquer them. The remedy is strength—vital force.

Scott's Emulsion, with hypophosphites, means the adjustment of lung strength to overcome germ-life. It is fighting the germ with the odds in our favor. These tiny little drops of fat-food make their way into the system and re-fresh and re-invigorate it. Whether you succeed with it or not depends on how good a start the germs had, and how carefully you can live. The shortest way to health is the patient one. The gain is often slow.

The publishers of *McClure's Magazine* have undertaken a very important art enterprise, which is now possible with the introduction of enamelled paper in the magazine. They sent the famous artist, Mr. Will H. Low, to Europe, to collect photographs of the 200 most important paintings made in this country. The results of Mr. Low's travels in Europe will be supplemented with the most important work of American artists, and the pictures will appear in the magazine with text by Mr. Low. A story of Arctic life by Rudyard Ripling, a Zenda story by Anthony Hope and a Thanksgiving story by Octave Thanet. The story of General Miles, who has probably had the longest fighting career of any American, and who rose from the lowest to the highest position in the United States army, without the aid of West Point, is told fully and from the most authentic sources in *McClure's Magazine* for November.

Henry M. Stanley on Interviews.

"Is this Mr. Stanley?"

Stanley stopped coolly, and, giving his questioner a somewhat surprised and sour stare, responded with a reluctant affirmative.

"Have you the time or the inclination to give a brief interview?"

"Interview! Good God, sir, is there no way to escape the newspapers? Why, it's worse than the passport system in Russia. I cannot put my foot upon the soil anywhere in this country without being confronted thus. I have done my best to avoid it. If I were to make up for a minstrel show, I would, no doubt, be discovered. You are simply driving me out of the country. I would have been glad to remain ten days at Puget sound if I could have done so in peace, like any other unobtrusive traveler; but they were there to meet me with note books and pencils."—Portland Oregonian.

Weekly Trade Review.

New York, Nov. 5.—R. G. Dun & Co.'s weekly review of trade says :

The rapid recovery in cotton and the rise in Sterling exchange to the point at which the last exports of gold were made have not increased confidence. Stock and other speculative markets have been affected; selling on foreign account and a break in Philadelphia Kaffirs," as some called the industrials of that city, have helped to depress railroad stocks hereabouts 90 cents per share, and trust stock $1.22 per share.

Cotton has risen to 9 cents again. Speculation has turned for the moment on the disposition of holders to keep back their cotton, which may compel higher prices, some say, however large the ultimate supply may be. Receipts are at present very small compared with last year's.

Wheat has declined 1¾ and corn 2½c in spite of the many adverse reports about winter wheat, which will be marketed nine months hence. The heavy wheat and corn movement helps railroads but the earnings thus far reported for Ocober 5, 3 per cent. larger than last year, are 5.4 per cent. smaller than in 1892.

The larger demand for manufactured products has held prices of cotton goods and even advanced some prices. More activity is also seen in iron and steel products, though Bessemer and gray forge, billets, and plates are a little lower. Contracts for lake ore hang fire because wheat pays $2.25 for the room on which ore would pay $1.10 from the head of the lakes. The nail combination reduced its Noyember output to a third of its usual quantity and the nail out put this year has been only about half the quantity required for renewals alone, which shows the enormous increase in use of steel for building purposes. American tin plate makers are taking a good part of the busine s by selling at ten cents below prices for foreign plate.

Many shoe factories have closed and the shipments for four weeks have been 24 per cent. less than last year. The controlling fact is that hides have fallen ½ cent for the week and 27 per cent. from the highest point, and leather is declining rapidly but boot and shoe quotations are but slightly reduced. Nor has the demand for woolens improved and the closing of additional mills is noted every week. A larger demand is expected when the next season opens.

The volume of democratic trade shown by exchanges through the principal clearing houses is 17.4 per cent. larger than last year for the closing week in October, but 22.8 per cent less than in 1892 and reflects in part the extraordinary speculation in cotton.

Failures for the week have been 278 in the United States against 249 last year and 53 in Canada against 50 last year.

There are 686,000 boys and girls in Tennessee who have a voice in saying what kind of a structure the Children's Centennial Building shall be. As this building wil be the only one used for educational pur poses, 8,100 teachers also have an interest in it. There will never be presented a better opportunity to emphasize and accent the educational work in Tennessee. If the boys and girls and teachers can once see how eloquently and effectively a magnificent building will speak in the interest of education, and see the untold benefits that will accrue to them. It is safe to say that the most attractive future of the grand Exposition to many will be the Children's Building.

THE proposal to extend suffrage to women with an educational and property qualification has been voted down in the South Carolina Constitutional Convention, 121 to 26. Nevertheless, the woman question has now been for the first time thoroughly stirred up in South Carolina, and once up it will never down until it is settled, and settled right.

—Newt. Bailey, wants it distinctly understood that the Centre Magnet is printed in its own office, by its own publisher, on its own presses. This statement is necessary because of the many misstatements regarding it we heard through the county. Neither Republicans nor Democrats have anything to do with it. Please remember this.

GREAT PHYSICAL STRENGTH

is not necessary to the enjoyment of perfect health, yet strong, healthy organs and faculties give rise to the most delightful sensations of existence.

Exercise, common sense and ordinary precaution and you need never be very sick. When you find your stomach troublesome, your bowels inactive, your nerves sensitive—look out! When your weight is decreasing, when your energy is waning, when exertion seems impossible and sleep does not give rest—look out!

Serious illness has its beginning in neglected little things. Even dread consumption comes on by degrees, and may begin with a very slight derangement. Taken in time, 98 per cent. of all cases of consumption can be cured. Taken in time, no disease need be really serious. The best safeguard against disease is an active, healthy liver. That means good blood and good blood means good solid healthy flesh.

The germs of disease seek out the weak spots in the body. Don't have any weak spots. If you have them now, clear them out, tone them up, make them strong. Dr. Pierce's Golden Medical Discovery will do it. It searches out all poisonous matter and disease-germs of whatever character. It regulates the action of the organs of the whole body. It forces out impure matter, makes the blood rich and puts new life into every fiber. It makes good, firm, healthy flesh—doesn't make fat. It gives you flesh that you can work with—the flesh that means health, but a reasonable plumpness is essential to the best bodily condition.

Dr. Pierce's Golden Medical Discovery is pleasant to take and you don't have to take an ocean of it to get well either.

WEEKLY FINANCIAL REVIEW

From our Regular Correspondent.

NEW YORK, Nov. 2, 1895.

General liquidation on the stock exchange has carried prices to a still lower level than last week. Trade and industrial prospects are satisfactory, except in a few isolated cases, where improvement was too rapid, and railroad earnings continue to make more encouraging gains; but for the time being these factors are overlooked in the "Street." The chief drawback appears to be lack of buying inducements. This may be accounted for by the strength of foreign exchange, by foreign sales of stocks, by disappointment concerning the expected Reading plant and by the irregularities among the industrials, all of which combine to give the bear traders an excellent opportunity for covering "short" contracts. It would seem as if these considerations had been amply discounted by the decline of five to ten points, which has taken place in the active stocks; but until the market receives some new upward stimulus operations for a rise will have to be conservatively made in spite of many favorable prospects. So far as the foreign exchange market is considered, it must be remembered that the supply of commercial bills has been considerably reduced by the small and backward cotton movement. Cotton, however, must soon go outward more freely, and as liberal engagements for exports of wheat during November and December have been made, there ought to be a better supply of bills from both these sources later on.

Conditions in Europe are strongly suggestive of caution in speculative operations. The great "Kaffir" excitement has reached the stage of distrust; which means the stage of realizing, of desperate expedients in manipulation, and of the beginnings of collapse. Paris has been on the verge of a debacle; but the route is said to have been stayed by the intervention of the Rothchilds—a story which seems improbable, but, nevertheless, appears to have had its effect upon the mercurial nerve of the Bourse for at least the time being. The London branch of the speculation seems to have been held in check by its leaders, who, by their peculiar system of controlling the affairs of the companies, have no doubt considerable power over the market up to a certain point. But it is not supposable that they will be either willing or able to take any considerable amount of stock from their dupes at the current grossly inflated prices. No doubt they will experiment in checking the decline in order to ascertain what it may cost to keep the fall in check; but they would naturally use any success in such efforts to unload their own holdings; which would only make the ultimate break-up the more complete. London, therefore, is held in the suspense of preparation for a disastrous breakdown. This anticipation and discounting of the inevitable will measurably mitigate the force of the disaster when it arrives; and it is also to be taken into account that the ordinary holders of the Kaffirs are principally persons of small means and the shares have not found a lodgement in the collaterals of reputable banks, the disturbance will not seriously affect the affairs of important financial institutions. Still, conservative people are always timid in the prospect of an exciting disturbance, and, therefore, London, is in a mood to realize even upon securities of substantial qualities, and is sending home quite a considerable amount of American stocks. When the Kaffir disturbance has subsided, however, it is not unlikely that we may find a material improvement in the demand for our investments.

The disturbed state of European politics is also depressing the foreign Bourses, with sympathetic injury to the New York market. Every day the London papers are publishing ominous dispatches about the situations in Turkey, China and Japan. The reports are vague and uncertain and may be in some measure diplomatic feints or feelers, but it is certain that the Russo French coalition has ambitions which cannot be realized without a profound and widespread disturbance of the political situation, if not of the peace of Europe. There can be no relaxation of the prevailing caution in European financial circles until these war clouds have been dissipated. It is true that, ultimately, a European war would divert attention to American investments and would confer upon this country some temporary commercial benefits; but, previous to that stage, there would be a crash in securities, with which ours would to some extent sympathize; and that fact is even now unfavorably influencing our speculative shares held abroad.

Add to these adverse foreign factors there still remains the absence of any practicle steps towards bringing the treasury and the banks into concert for their mutual support, and the possiblity of the treasury having to make another fifty million loan seems to increase rather than to diminish. The prospects of congress doing anything to improve the situation of the treasury excites no relieving expectation, but rather the opposite. The hope indulged in a few weeks ago that the foreign exchanges might develop into a position permitting importations of gold has been disappointed. On the contrary, the rates for sterling bills are so close upon the specie-shipping point that gold may go out at any time.

The foregoing are factors of too substantial a nature to be disregarded. They are already having their effect. The European Bourses are all weak, and during the week London has sent to New York about 50,000 shares of miscellaneous stock. The situation, therefore, is one that suggests caution in stock operations, and the spirit of the market is at the moment conservative.

LYON & COMPANY, BELLEFONTE, PA

AN EXPLANATORY LETTER

(Continued from 1st Page)

came evident that from October 1st., 1892, Mr. Joyce and Mr. Chipley were determined to practically place the Valentine Furnace property on a basis as to rates radically different from the basis on which adjustments were made prior to 1890, when the Centre Iron Co., owned and operated the plant. The only alternative was either to blow out the furnace, or to secure competitive rates. Some of the largest stock-holders chose the latter, not willingly but because they were forced to do so through the *changed* attitude of your freight department. The heads of that department have forced the construction of this line, the same as they did the Beech Creek Road into the Clearfield Coal fields; and have alienated interests who tried in every way to be friendly.

If Mr. Roberts and yourself have any doubts upon this subject, I would refer you to the following letters, the original or copies of which are all accessible to you, viz:

1st. A letter dated Sept. 2nd, 1892, from Jones Wister, Pres't., Nittany Valley R. R. Co., to Frank Thomson, Esq., Vice-Pres't., of Pa. R. R. Co.

2nd. A letter dated Sept. 5, 1892, to Frank Thomson, Esq., Vice-Pres't. of Pa. R. R. Co., signed bp myself as Pres't., Robert Valentine as Sect'y. and Treas'r., and Judge Rhoads, Robert Valentine and myself as the Executive Committee of the Board of Directors of the Valentine Co. All the signers of this letter are B. E. V. stockholders and two directors of that Company.

3rd. A letter dated Sept. 7th, 1892, written by Ex-Gov. Curtin to Frank Thomson Vice Pres't. of the Pa. R. R. Co., advising against the wrong proposed, and which has since been consumated.

4th. A letter dated Jany. 31, 1893, written on behalf of the Valentine Company to Mr. Thomson.

And that you may gain an idea of the attitude of your Freight Department towards our Company, I would respectfully efer you to the following letters, viz.

5th. Letter of Wm. H. Joyce, G. F. A. to J. W. Gephart, dated August 25th, 1892.

6th. Letter of Chas. A. Chipley, A. G. F. A., to J. W. Gephart, Manager of The Valentine Iron Co., dated Sept. 6th, 1892.

7th. Letter of same to J. W. Gephart, dated Nov'r. 28th, 1892.

8th. Letter to Wm. H. Joyce, G.F. A., o J. W. Gephart, Supt. Nittany Valley R. R, Co., dated Feb, 16, 1893.

After reading this correspondence, your Company can certainly not complain of want of due notice. Mr. Patton, of your office, is also more or less familiar with the controversy, as I frequently complained both to him and Mr. DuBarry (in his lifetime) of the abuse and insults which our Company was compelled to undergo at the hands of people who should have been our best friends.

Besides my relations to the Penn'a. interests were such that I could not afford to take the step which I have taken, without the strongest provocation. I feel I have this, and in this whole matter I am not afraid to justify my whole course and conduct in the most public manner. This I say now I am ready to do and will do, if the interests I represent are still further antagonized by the Penn'a. Co.

The new road from here to Mill Hall is an accomplished fact. The sooner this is recognized and accepted the better. It is being constructed over a route doing the least possible injury to Pennsylvania's interests. It will serve to develope new interests until now undeveloped. Because of this, it is exceedingly pop ular here, and is receiving moral and financial support from nearly all our shippers. Any further attempt to persecute those who are now hailed as public benefactors in this entire locality will only serve to render Pennsylvania's interests still more unpopular, and drive almost the entire travel and tonnage off your lines the moment the new line is completed. The sooner the Pennsylvania company ceases its narrow guage, penny-wise and pound-foolish attitude towards Bellefonte people and interests, the more friends and the fewer enemies will she have in this vicinity.

In closing, I wish to repeat that it is not the Valentine Company nor the Nittany Valley R. R. Co., that are responsible for a competing line into Bellefonte; but rather Mr. Joyce and Mr. Chipley of your Freight Department.

Very truly Yours,
(Signed) J. W. GEPHART.

This correspondence in no way impeded the construction of the competitive line. Work was begun about May 15th, 1893 and Dec. 4th, 1893, the 27 miles to a Beech Creek connection were completed and freight traffic opened.

About September, 1893, a Bill in Equity was filed by the Penn'a. R. R. Co. seeking to restrain the writer from acting as Superintendent of Construction of the new competitive line because of his official connection with the Valentine Iron Co. as its President and also to restrain the Valentine and Nittany Valley Companies from encouraging the building of the new line or diverting any tonnage to the latter or away from the Penn'a. Co. This bill was based on the 1887 agreement and an alleged renewal thereof. A rule was granted to show cause why a preliminary injunction should not be granted. On the return day for that rule the defendants were in Court with affidavits prepared to meet the issue. Counsel for the Penn'a. R. R. Co. then voluntarily withdrew their application for a preliminary injunction and said they would not insist on an injunction until after final hearing. The defendants then demurred to the bill, under the advice of the late Hon. John H. Orvis, and other counsel, alleging that the foreclosure sale discharged the agreement, that the agreement was without consideration against public policy, in violation of the Constitution, not enforcable in equity, and for other reasons. This demurrer was afterwards argued in the Court below, and sustained, and the bill dismissed. No appeal to the Supreme Court was taken for more than a year. The appeal was argued in April, 1895, and the opinion filed October 7th, 1895. This opinion in effect decided that the agreement was one which could be entered into by the original parties, was not against public policy, was not in violation of the Constitution, and that as the Valentine Iron Company had demurred and not also filed an answer at the same time with the demurrer, denying certain facts in the bill,—especially the alleged fact that our Company had re-affirmed this contract,—that we had impliedly affirmed the contract and would also be bound by it. The Supreme Court therefore reversed the Court below, overruled our demurrer, ordered a final injunction and directed the record to be sent to the Court below for carrying this decree into effect.

To say that our Company and our legal advisers were dumb-founded at this summary disposition by the Supreme Court in an Equity case, is to put it mildly. Our counsel at once prepared a petition asking the Supreme Court to modify its decree in accordance with the Supreme Court's own Rule 37 of Equity practice which is as follows:

"37. If, upon the hearing, any demurrer is overruled, unless the Court shall be satisfied that it was intended for vexation and delay, the defendant shall be assigned to answer the bill, or so much thereof as is covered by the demurrer, at such period as, *consistently with justice and the rights of the defendant*, the same can, in the judgment of the Court, be reasonably done; in default whereof the bill shall be taken against him, *pro confesso*, and the matter thereof proceeded in and decreed accordingly; and such decree shall also be made when the Court deems the demurrer to have been for vexation and delay, and to have been frivolous or unfounded."

Our petition set forth the rule, that the demurrer was filed in view of it and under the advice of our counsel that if the legal questions as to the validity and constitutionality of the 1887 agreement were decided against us, we could still file an answer and controvert all material facts alleged in the bill; that in demurring we had no intention to estop ourselves from filing an answer if the demurrer was overruled; that the demurrer was not filed for vexation or delay, but under the advice of legal counsel; and that if the decree was modified we were prepared at once to file an answer utterly denying that our Valentine iron company had ever affirmed the 1887 agreement.

This petition was verified by affidavit, presented to the supreme court on October 14, 1895, when His Honor, Judge Dean, who delivered the opinion in the case was on the bench, a short statement made by counsel in corroboration of the facts in the petition and a brief filed. On October 24, this application was disposed of by the supreme court by the following order: "Petition for modification of the decree heretofore entered is dismissed. *Per curiam.*"

To me, as a lawyer, this summary modification of equity practice is incomprehensible. As Judge Linn once said, I had been led to believe that "no wrong or injustice had ever been perpetrated that a court of equity could not redress." And I had also been led to believe that no court of equity would ever shut out any defense on the merits upon any technicality, however slight, and especially when they were advised that the omission was due to the misapprehension of the supreme court's own rule 37, by one of the most eminent judges and legal advisers in the commonwealth.

This result of our litigation leaves our Valentine company with a full defense on the merits and without any opportunity ever being given to make it. The value of our $600,000 of stock, held by seventy different interests is bound to be affected by this decision. The future operation of the property is jeopardized by being deprived of competitive railroad facilities at its very gates; and the 1,000 or more persons dependent upon our business are liable to be thrown out of employment and driven elsewhere to earn their daily living. These considerations are of sufficient weight, to my mind, to lay our case open before the only tribunal left to us to appeal to for a vindication of our cause—the parties to whom this letter is addressed.

As soon as this decree became effective and a point had been reached where there was no further legal redress. I at once resigned from the management. For the past five years I have labored with untiring zeal to make this Bellefonte industry a success. But now that the supreme court has loaded it down and tied to it "the dead body" of this old 1887 agreement on a technicality, I am unwilling for a minute longer to be held responsible for the future success or failure of the enterprise. Whatever measure of success it has achieved since 1891 is largely due to the Valentine stockholders, who are now identified with the Central Railroad of Pennsylvania.

The Pennsylvania railroad interests would have throttled the plant in the spring of 1893 had not the Central been built and come to our relief. Now the supreme court has arbitrarily wrested the plant from our control and turned it over to the Pennsylvania railroad interests. We abide their decision, and voluntarily hand over the key and control. Whatever success or failure the industry attains in the future is theirs and not ours.

In closing I wish to add a few words to each of the three classes to whom this open letter is addressed.

To the Valentine Iron Company stockholders I would say that your management in the past has done its utmost to make your plant a success. We took hold of it in trying times; we restored its credi- when it was regarded as a worthless plant, we brought it safely through the most perilous period of the iron business that this country has ever known; and we left no stone unturned to insure the success of the enterprise and restore value to the stock of every shareholder. Only such measures were taken as were necessary to insure these results. Now however that the changed conditions above mentioned are imposed, one-half of the directors are ready to retire, and those interests who are responsible for the present environments are welcome to the future control. Personally I wish to thank the stockholders for their uniform courtesy and confidence shown me, and I considered that I owed this statement to you that I might convince you that I had done all in my power to protect your interests and to justify the trust reposed in me.

To the patrons of the Valentine Iron Co. I wish to return thanks for the large share of your patronage always given to our "Nittany" iron. Our relations have been most cordial, and in severing my connection so abruptly from the business of the Valentine Company with which I have been so completely identified, I felt it was due to you that a full explanation should be made. Under the decision of the Supreme court the buyers of Nittany Iron can still compel the Valentine Co., to ship over the Central Railroad if they so choose. Possible some of you may feel like exercising this power in view of the facts. If so as General Superintendent of the Central Railroad, I shall take it as an evidence that my course in this fight of might against right is appreciated.

To my friends and neighbors and the business interests of Bellefonte, I wish to say my battle has been yours. You have stood by me in the past, and I have no fear that you will desert me in the future. I never felt a greater interest in Bellefonte than to-day; and if you will come to my support we can soon rejuvenate every idle industry in the place, the Pennsylvania Railroad and the Supreme Court of Pennsylvania to the contrary notwithstanding. I believe I can safely say you need have no fears as to the future of the Central Railroad of Pennsylvania. So far she has been equal to every emergency. She has done more for Bellefonte in two years than the Penna. R. R. Co. in thirty. And if you will stand in with her, you will find that what she has done is but a tithe of what she will yet do for you. I have no intention of resigning as Gen. Supt. of the Central; but from the time forward I expect to devote all my undivided perseverance, pluck and energy to making the Central not only a pecuniary success to her stockholders, but the benefactor of every Bellefonte interest and industry.

Very Truly Yours,
J. W. GEPHART.

Clearfield Miners Will Not Strike.

Philipsburg, Pa., Nov. 3.—The committee of Clearfield miners, which was sent to Philadelphia ten days ago to confer with the operators, made its report at a mass meeting held at Ramey Saturday afternoon. The committee reported that it was unable to secure an advance and failed to obtain the consent of the operators to meet the miners in joint conference but received an assurance that an advance was probable within a few months. The meeting accepted the report and then adjourned without taking any definite action other than to resolve to continue the agitation until the increase was granted. This action puts a strike out of the question fo some time to come.

The report of the railroads of the State for last year, just issued, shows that the railroads of Pennsylvania comprise one fifth of the entire railway interests of the country.

She Tried the Test.

Beaver Falls, Pa., Nov. 3.—Among the echoes of Halloween festivities at this place is the story thet has just leaked out to-day of an elderly maiden residing on Fifth avenue. She had read that if on Halloween at midnight one would stand in front of a looking glass and devour an apple she would see the reflection of her future husband's face appearing over her boulder in the glass. She thought she would try the charm. She ate an apple, no result. She ate another, and finally ate a whole peck. The only result was that when she went to bed she was taken with cramps in the stomach. A doctor had to be sent for, and it took all his skill to keep her from dying. She is still very ill, and the doctor says he verily believes that if she had taken one more apple she would have died.

THREE little maidens from school are we.
Free from pains of all description;
Let once we were sick as sick could be—
Cured by the "Favorite Prescription."
It's a certain panacea
For all the ills of womanhood,
Try a bottle with good cheer;
We know that it will do you good.

DR. R. V. PIERCE: *Dear Sir:*—My daughter had been sick all her life, and the older she grew, the worse she was until she was the picture of death; the physicians could not do her any good. I heard of your "Favorite Prescription," for women, and I gave her three bottles, and now she is a perfectly healthy girl. Have recommended it to a great many sufferers from "female complaints," and it has cured them. I think it is the greatest medicine in the world, and I have never found anything to compare with it.

Shot Down From Ambush.

Erie, Pa., Nov. 3.—As a westbound freight train on the Lake Shore and Michigan Southern railroad was approaching this city this evening it was fired upon by some unknown men who were in hiding along the road. Conductor Richard Barnett had just put his head out of the window of the caboose to look for lights. A bullet struck him in the face near the eye, and passed into his head. He is now at the Hamot hospital and is supposed to be fatally injured. It is the opinion of the railroad men that the shot was fired in revenge by some of the robbers who have been ejected from the train by Barnett or convicted under his evidence.

Salvation Army Members Sent Up.

Easton, Pa., Nov. 3.—In defiance of a recent order of Mayor Field, commanding the Salvation Army to cease playing horns and drums on Sunday at their open air services in Centre Square, Elmer West, of Philipsburg, cornetiso, and Edward Parsons, of Bangor, Pa., trombonist, were arrested this afternoon and committed to prison for ten days in default of a fine of $10. The arrest and imprisonment have caused considerable comment. The army of late, has been complained of as being a nuisance on Sunday.

Switchmen Out on a Strike.

Oil City, Pa., Nov. 3.—The switchmen of the Western New York and Pennsylvania railroad went out on a strike last night, owing to the failure of the men to secure the restoration of a ten per cent cut made some time ago. The road at this place is practically blocked. At a meeting of the trainmen here to-night it was decided to send delegates to Buffalo to confer with trainmen there, and if they cannot reach some satisfactory agreement with the officials of the road it is understood that they will go out at Buffalo Olean and Rochester, and tie up the whole system of 900 miles.

A Generous Offer—$200.00 in Gold Given.

R. H. Woodward Company Baltimore Md., are making a very generous offer of $200.00 to anyone who will sell within three months 200 copies of "Talks to Children about Jesus." This is one of the most popular books of recent years. Agents often sell from 10 to 15 copies a day. It contains a great many beautiful illustrations, and is sold at a remarkably low price. They give credit and pay freight, and send complete canvassing outfit for 35 cents. It is just the book to be sold for the holidays. They also offer an Estey Organ, retail price $270, to anyone who will sell 110 books in three months. It is an excellent opportunity for a church or society to secure one of these organs. A $100.00 bicycle to be given for selling 80 copies in two months, or a gold watch for selling 60 copies in one month. This premium is in addition to the regular commission. They have also published a new book, "Gems of Religious Thought," by Talmage, which is having a large sale. Same terms and premiums as on "Talks to Children about Jesus." Agents who do not get any of the premiums are given a liberal commission. They also make a specialty of other books and Bibles for Xmas holidays. Write them immediately. 3t.

Holmes Took a Rest

Philadelphia, Nov, 3.—Every one actively identified with the Holmes trial, which ended in the evening in the conviction of Holmes for the murder of Pitezel, was glad that to-day was Sunday and took advantage to rest and recuperate from the great nervous tension under which they had labored for a week.

District attorney Graham said to-day as to the granting of a new trial, he did not think the court, after hearing the argument, would do so, as there was nothing upon the record of the trial that would show an error sufficient to warrant such a proceeding.

After the ordeal of the trial the quiet monotony of a prison cell was welcomed to Holmes, and he spent to-day apparently unconcerned by the death sentence which hangs over him. He is still with the untried department, but will be moved over with the convicts to-morrow. The condemned man's appetite takes but little of his attention. He still maintains his air of injured innocence and reads and writes when not absorbed in thought. No visitors were allowed to see him to-day, and Holmes himself strengthened the prison rules by stating that he did not wish to see anybody.

Decision on Peddlers.

Judge Metzger at Williamsport on Friday handed down an opinion in which he decides that a man who peddles goods shipped from another state, cannot claim protection under the interstate commerce law, but is equally guilty of violation of law as though he handled domestic goods. The defendant in the case is O. W. Dunham, who was prosecuted for selling the wringers of a Rhode Island corporation from house to house in Jersey Shore. Dunham was found guilty by a jury, and a motion for arrest of judgment was made on the grounds that the act under which he was arrested did not apply to him, as he claimed protection under the interstate commerce law. The court ordered Dunham to appear on the first Monday in December for sentence.—Lock Haven *Democrat.*

DURRANT'S MOTIVE.

District Attorney Barnes Says that Blanche Lamont Was Killed Because Durrant Feared Social Disgrace and Exposure in Church.

San Francisco, Oct. 30.—District Attorney Barnes began for the prosecution the closing argument in the Durrant murder trial to-day. He asserted that Durrant and no other had killed Blanche Lamont, according to the evidence presented, and, continuing, said:

"The murderer did not strangle his victim for the mere motive of murdering her. Accepting the theory that last was the actuating cause for the crime, the rest presents no difficulities. The defendant formed the girl's acquaintance, became infatuated with her and deliberately planned to rob her of her virtue. He took her to Emmanuel church for that purpose. No one could say what proposal preceded the crime. No one could say how the doomed girl, after hearing it, had turned to flee. Had she escaped, Durrant would have been brought before the congregation of the Emmanuel church on a charge other than murder. He saw disgrace and social ruin before him and he sprang upon the frail girl, clasped her throat in his fingers and strangled her to death.

"Blanche Lamont had frequently been out with Durrant, and knew that her aunt trusted him. It was not, therefore, remarkable that she should have had that confidence in him which enabled him to induce her to enter the church with him at an unusual hour."

Durrant sat unmoved during the argument. Mr. Barnes will occupy to-morrow with his argument, and the jury will be charged Friday.

Pinioned to a Pulley.

Erie, Pa., Oct. 30.—John Gorman who is a resident of Pittsburg, who was employed as a deck hand on the steamer Mahoning, is lying at the Hamot hospital with a number of injuries that will probably cause his death.

Gorman, who is a new man, was assisting in unloading goods, when he in some manner lost his balance and plunged head long into the vessel's hold, twenty feet deep. Men were lowered at once into the hold, and they found Gorman, who was conscious, but who complained of his leg, which had been broken by the fall. A rope was hitched around his body, and the signal given to hoist him up. Gorman appeared on a level with the deck a moment later. The man on deck who should have swung his living freight to one side either lost control of himself, the rope became fouled or something of that sort happened nobody seems to know. The result, however, was most disatrous to Gorman. He kept ascending, and did not stop until wedged alongside the overhead block to which the tackle was attached. He bore the whole strain until the engine could be stopped and that his life was not crushed out was the most surprising part of the accident.

What Others Say.

In reference to the lecture that will be delivered in the Presbyterian church on Sunday morning by Rev. Stanley, we note the following from a prominent magazine. "This lecture has been universally spoken of as one of the very best addresses ever listened to. It contains important geographical and historical information never published in text books or magazines," Dr. Stanley, while Professor of English literature in Court Okuma's College, Tokio, Japan, was enabled through the courtesy of native professors and officials, to obtain much valuable knowledge, which he communicates to his audiences in an earnest, eloquent and instructive manner.

Dangerous Re-action.

* After Summer's Heat

the entire system has more or less of a struggle to fortify itself for the cold of the coming winter. In cases where the body has become over-exhausted by the prostrating effects of the past warm weather, an inability to cope with the change is experienced. Loss of appetite, weight, sleep, or strength are dangerous symptoms that foretell coming troubles.

Bovinine

that wonderful promoter of strength and creator of new flesh and blood, should be taken without delay. It will ward off the coming cold or fever that is the cause of such great mortality during the winter months. It is not a medicine, but a powerful food, concentrated in the least possible bulk. Endorsed by physicians the world over.

Death of Two Children.

On Friday, October 4th, the death angel entered the home of Curtis and Mary McDonald at Martha and took from their midst the bright and intelligent little daughter, Mertie Lucretia, aged 11 years, 2 months and 14 days; and on Sunday, October 13, they were again visited by the dread monster death, this time taking from them their only son, James Curtis. The cause of death was that terrible and most dreaded disease, diphtheria. A father and mother, and sister are left to mourn their sudden departure.

"They saw a hand you could not see,
Which beckoned them away.
They heard a voice you could not hear,
Which would not let them stay.

Dear children in the heavenly land,
How many eyes are dim;
But Jesus loved you better,
And took you home to him.

Where the twilight skies will brighten,
Never more to shade
And earth's faded flowers freshen,
Where death can never fade.

Oh children sweetly sleeping,
We drop the fallen tear;
Because our hearts are heavy,
Because we miss you here.

We hope to meet you in the morning,
Of joy and peace and love
By the right hand of Jesus,
When the roll is called above.

A FRIEND.

Horses Fall Down.

This morning a team was standing in front of Mingle's shoe store when it suddenly became frightened and tried to breake loose. The horses reared high in the air and then slipped on the cobble stones and fell heavily to the pavement. They were finally released from the tangled harness before any harm was done. Beside a few slight injuries to the wagon no other damage was done. The accident attracted quite a number of spectators and for a few moments it looked as if the large plate glass windows in the shoe store were going to be broken into fragments by the frightened horses.

Bellefonters in Trouble.

On Wednesday evening Frank Scott and Amos Parsons registered at Hublers Hotel at Hublersburg. They had driven to that place and arrived there after dark. They stopped at the hotel over night and had their horse put up at the barn there They took breakfast there this morning and when they were ready to depart they gave a five dollar bill in payment for their expenses over night. The landlady at the hotel was suspicious of the money and going into another room she showed the money to another guest who pronounced it to be of no value whatever. The landlady then came back to the office and told the boys that the money was no good. They said that they had gotten it from Essex Kline and told her they would leave the horse at the hotel while they went to see Mr. Kline about the matter. They were gone for some time and when they came back they promised to send the money upon their arrival in Bellefonte. A telephone dispatch from Hublersburg this afternoon says that the boys will be prosecuted for attempting to defraud.

Responsible for Children's Acts.

A verdict of $300 for the plaintiff was recently awarded Miss Amy Swanson, in the Warren county court. Amy was employed as a domestic in the home of Chas. Crandall. A revolver in the hands of a little 2-year-old child of Mr. Crandall's accidentally discharged, inflicting a painful injury on the person of Miss Swanson. The plaintiff sued for $5,000, basing her claim on the fact that it was criminal negligence which allowed the revolver to come into possession of the child.

The Governor's Appointments.

Harrisburg, Pa., Oct. 29.—Gov. Hastings to-day appointed Mary B. Rhone, daughter of Leonard Rhone, worthy master of the state Grange, clerk to Dr. B. H. Warren, Economic zoologist, at a salary of $1,500 a year.

Mrs. Judge Gordon, of Clearfield, was appointed a member of the Women's Auxiliary committe of the Atlanta Exposition.

Senators Cameron and Quay and their families have been invited to accompany Gov. Hastings and party to the Atlanta Exposition on Pittsburg day.

Both Are Now Dead.

Pittsburg, Oct. 29.—Yesterday two little girls, Marion Gertrude Henderson and Delia Malloy, ate from the contents of a paper box, which they discovered while playing on the Monongabela wharf. Gertrude died in terrible agony last night, and in spite of all possible attention Delia died to-day. The remainder of the contents of the box has the appearance of sulphur, in which there is an unrecognizable compound.

Receiver Christy Wins Again.

Kittanning, Pa., Nov. 1.—The second suit brought by B. C. Christy, receiver of the defunct Penn bank of Pittsburg, resulted in a verdict for the plaintiff for 27 acres of land in Perry township, Armstrong county. The land is valued at $150 an acre.

HOMES FOR FRIENDLESS WAIFS.

Children of Destitute Circumstances to be Cared For.

Little is known throughout the county of The children's Aid Society of Penna which there is a branch in Bellefonte with but few members in this truly charitable work. For several years there has been a small appropriation from the State, which when distributed among the many societies, is unequal to meet the demands that are yearly gaining greater.

Semi-annually the children are visited in their own homes, which is one of the laws of the society principally to examine their surroundings, and consult in the interest of the waifs (the power being reserved to take them from homes in which they are unhappy.) Infants are received for whose benefit it becomes necessary to blot out every trace of parentage and birth place, and older children of depraved parents, whose lives would be spent amid vicious surroundings. In these, and other cases where the past should sink into oblivim, children are removed from the early scenes of their existence, and through the Aid Society are placed in Christian homes with the hope that they may grow to be useful men and women.

Books are open to inspection in the general office in Pittsburg. There is a register of transferred childred and one of children placed in their counties. More-over every means is employed to prevent their location from passing from the knowledge of the society.

It would be difficult to explain to persons not connected with charities of this character, the hard ships involved, the responsibility, the care, the worry attendant upon each round of duty.

The Treasurer and Secretary are women who are engag d in the work from the love of humanity only, and there is not one paid officer among them. In a few counties where office work is heavy, actuaries under salary assist and the State Board is obliged to employ an actuary and one assistant for the transaction of business.

More homes are offered than can be filled, and the public is urged to report cases of homeless children, that lonely, childless homes may be gladdened with the sound of youthful merry voices. In the past year the Society of Bellefonte has found good and comfortable homes for fifteen children and it is a rare case where the child is unhappy, or that its parents are dissatisfied with the foundling.

The society of Bellefonte consists of Mrs. H. T. Kurtz, as President, Miss Emily Natt, Secretary, and Miss Mary Thomas as Treasurer with a few additional member beyond the work which has been done by the officers, little is seen, in fact but few dollars have been given from the county for the support of these homeless children and were it not for the small appropriation from the State, which are being used with the greatest economy, the society could not accomplish this charetable work.

A Newsboy's Travels.

James Kelley, the newsboy who runs between this city and Harrisburg and who is better known as "Sawdust Jimmy," is credited with a traveling record equal to seventy times around the earth. He comes north on News express and goes back the same day, thus traveling 236 miles each day on the round trip. He works every day in the year, and thus gets over 87,140 miles per annum. He has been on the road in this business fully twenty years, on the same run, consequently he has the enormous mileage of 1,742,800 to his credit; or he could have circled the globe about seventy times by traveling round and round.—Lock Haven *Democrat*.

Good News for Huntingdon.

Huntingdon, Pa., Oct. 29.—The Huntingdon car and wheel works, which have been idle for three years past, were purchased to-day by W. A. Obyon, of Savannah, Ga., for a syndicate of southern capitalists. The new firm will employ about 500 men and will manufacture trolley cars principally. A boiler works and malleable iron works will be connected with the new plant.

A Band Surprised.

On Fridry evening Benjamin Gentzel, who lives a few miles south of Bellefonte, very pleasantly surprised the members of the Undine band by calling for them with a hack and inviting them to accompany him to his home, where a grand feast was prepared for them. It is needless to say they quickley accepted the invitation and a good time is reported by all who were there.

—All Saints' services in the St. Johns' church on Friday evening were a complete succes. The music was fine and everything passed off smoothly.

A GREAT BIG BUNDLE OF LIES.

Intelligent Voters Will Not Be Fooled by Such Flimsy Statements—A Pitiful Plea for Votes for the Democratic Candidates.

The desperate methods employed by the Democratic State and county chairmen are best illustrated by the begging appeals sent out during the last few days before the election. They already give up the fight and by these letters acknowledge defeat. One of the letters is marked "CONFIDENTIAL." They were even afraid to let each other see what were in these letters. What they impart is so false that they feared flat contradiction if the contents became known. Intelligent voters will not be deceived by these false statements. The letters in substance are as follows:

DEMOCRATIC STATE CENTRAL COMMITTEE.
CONFIDENTIAL.
Allentown, Pa., October 24th, 1895.

MY DEAR SIR:

If you and every other Democrat in Pennsylvania who receives this letter will vote the Democratic State ticket on the 5th of November, six Democratic Judges of the Superior Court and a Democratic State Treasurer will be elected. *Of this there can be no doubt.*

The Republican Leaders concede that their candidates cannot poll more than seventy per cent. of their party votes. If we poll eighty per cent. of ours, we will carry the State. *Will you vote and help to make it ninety-five per cent?*

This year we shall not resort to the ordinary campaign methods of public meetings, parades and idle demonstrations, but we do earnestly appeal *personally and directly* to you, and to each individual Democrat to give to the party and the State the time and trouble needed to cast a vote. Will *you* do it?

If each one of you votes, I can assure you of the election of your nominees.

The lid of the Treasury so long hidden from the people will be raised, and the State will be given a Superior Court of able, pure and upright Judges.

On behalf of your party, I urge upon you the performance of this duty.

Yours truly,
ROBT. E. WRIGHT,
Chairman.

HEADQUARTERS
DEMOCRATIC COUNTY COMMITTEE.
Bellefonte, Pa., Oct. 24th, 1895.

MY DEAR SIR:

I write you for the purpose of asking you as a Democrat to come to the polls on the 5th day of November and vote. *If you will do this, our county ticket will be elected beyond all doubt.*

Our candidate for Prothonotary, W. F. Smith, has proved himself to be a capable and obliging official. W. J. Singer, candidate for District Attorney, has administered the duties of his office with care and ability, and in the interest of the taxpayers of the county. *These men both deserve your support*, and will be re-elected as they should be under the rules of the party, if every Democrat will come to the polls and vote. *There is no doubt about the result if you will do this.*

Will you not by your ballot show your disapproval of the *Marshall Bill*, and a Republican state administration which has squandered almost a *million dollars* of the people's money, every cent of which comes out of the pockets of yourself and every other tax-payer? If you do not approve of this *profligacy* and *waste* of your hard-earned money, *then come to the polls and vote.*

See your Democratic neighbor and urge him to come also, so that men may be elected to office who will be a credit to our County and State, and who will administer the duties of their offices with economy to the people.

As a citizen and taxpayer, I ask you to come to the election. *This is a duty that you owe to yourself, your neighbor and* the State at large.

Very truly yours,
N. B. SPANGLER,
Chairman.

Oh how cunning a scheme to try and dupe the people at the last moment with? High-mucky-muck-Spangler and Higher-mucky-muck-Wright make a pretty good team in proportion to their political fame as manufacturers of campaign lies. They say that a million of dollars has been squandered by the State administration, and that this money comes out of *your* pockets as tax-payers. Lie, lie, lie! There is no man in Bellefonte who pays a cent of state tax. The money that goes to make up the different appropriations is collected as revenues, etc., and does not come out of the pockets of the tax-payers. The Pattison administration three years ago, appropriated as much money as the present administration. They say "*The lid of the Treasury so long hidden from the people will be raised, and the State will be given a Superior court of able, pure and upright Judges.*" "It has so long been hidden from the people." Gov. Pattison was in office only a short time ago and from this statement it must have been also hidden during his term of office. Why wasn't it opened up then? They are silent on this point—they have *reason* to be. The "surprise" shot o at the last moment has proved to be a "boom erang" and the force with which it is hurled back at the Democraric originators will be plainly in evidence on Tuesday, Nov. 5th.

Inspecting the Boilers.

W. A. Boyer, of Reading, was in Bellefonte to-day inspecting the boilers at the Water works.

In the Face of Death.

Washington, D. C., Oct. 30.—The Altoona postoffice delegation mentioned in to-day's Commercial Gazette were granted a conference with the postmaster-general this morning. Mr. H. P. Wilson's qualifications for postmaster were set forth in extenso, and his appointment was urged. Although the appointment of their candidate was not promised, the delegation was assured by the postmaster-general that if it were possible Altoona should have a Democratic postmaster by Christmas, as the term of the present incumbent, expired on December 17.

In this connection a story leaked out to-day that places the delegation in the attitude of expecting the grim destroyer, death, to aid them in securing the office before December. Postmaster McDonald of Altoona is said to be dangerously ill, and the expectation of his early demise is said to be the reason for the visit of the delegation at this time.

The New Compulsory Law.

Dr. Schaeffer, superintendent of public instruction, says that the compulscry education law has had the effect of making boys attend the public schools who would not otherwise go. He also says that he does not know that any legal process has been issued against parents anywhere in the state for not sending the children to school, although the law is being generally enforced.

Under a decision of attorney General McCormic the law does not go into effect until after the taking of the school census next March by the assessors in the several districts in the state. When this work has been completed the department will take vigorous measures for its enforcement.

Table Talk.

Table Talk is well to the front as a Thanksgiving magazine, touching that subject many times in various ways between its covers. The leading article is "Thanksgiving Day," by Mrs. Burton Kingsland, including a typical dinner menu,—also a *fin-de-siecle* one. Other menus are given elsewhere, as well as a recipe for Thanksgiving Plum Pudding. The Housekeeper's Inquiry Department is full of excellent recipes, old and new, just as needed by the subscribers, and besides you will find the Kindergarten for mothers ably upheld in "The Priestly Office," by Miss Nora A. Smith; the "Food in Bright's Disease," by Dr. H. H. Hawxhurst; how "Miss Dorothy Entertains," by Mrs. M. C. Myer; much about "The Dignity and Beauty of the Household Arts," by Lucy C. Andrews, the well known lecturer on Cookery; how to give a pretty "Bicycle Luncheon," as well as a menus for every meal, and much else of equal value our limited space does not allow us to mention. Our readers, however, are invited to send for a sample copy to the Table Talk Publishing Company of Philadelphia.

"With step as noiseless as the summer air
Who comes in beautiful decay? Her eyes
Dissolving with a feverish glow of light, and on
Her cheek a rosy tint, as if the tip
Of beauty's finger pressed it there!
Alas! Consumption is her name.

This terrible disease which has numbered its victims by millions, comes in the most insidious way. Getting one feet wet; a slight cold a cough, and then other indiscretions until it gets a firm hold. Why fall a victim when a cure is within reach? Dr. Pierce's Golden Medical Discovery will effectually cure consumption in its earlier stages. For weak lungs, spitting of blood, asthma lingering coughs and kindred ailments, it is a sover eign remedy.

Hastings Makes Another Speech.

Toledo, O., Nov. 1.—Gov. D. H. Hastings, of Pennsylvania, spoke to a large audience of republicans at Memorial hall here to-night. He repeated that part of his speech at Columbus last evening where in he named Governor McKinley for president. He discussed the tariff question at some length and said: "The next republican law will be American from top to bottom. I cannot tell what its rates will be, for conditions change. But as Mr. Lincoln said of a man's legs they were long enough if they reached the ground, so the legs of the tariff law will be long enough to reach the solid ground, and strong enough to sustain the national treasury and to sustain the dignity of American labor."

BEFORE I could get relief from a most horrible blood disease, I had spent hundreds of dollars TRYING various remedies and physicians, none of which did me any good. My finger nails came off, and my hair came out, leaving me perfectly bald. I then went to

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

DEAR READERS:

We have heard from many of you during the brief period that our advertisement appeared in this space. Any others desiring full reports and statements can secure same by writing to us.

The further opening up of the South Central group of gold mines, and the erection of a Stamp Mill to reduce the company's ore to bullion, is a square, legitimate use of capital.

1. Mr. Barry, formerly of Cripple Creek, the Bonanza gold camp of Colorado, sold his interests there, and bought the Morning Star gold mine, a producer in the vicinity of the South Central group.

2. Captain Plummer, formerly of the Granite Mountain mine, is now working the Delamar Mine, a large producer in the vicinity of the South Central group.

As the Granite Mountain (Gold and Silver Mining Co.) stock rose from about twelve cents a share to over $50 a share, and paid from 25 cents to 50 cents per share per month in dividends, under the superintendency of Captain Plummer, we consider him a pretty safe guide to follow in mining, and we invite you to participate in thee nvestment.

—The discussing of plans for the construction of the branch line from the Beech Creek road to Lock Haven, is again engaging the attention of several of tha city's prominent business men. Meetings have been held, at which opinions were given by gentlemen who are actively interested in railroad affairs.—Phillipsburg *Journal*.

—The leaves from the Valima Letters which are published in McClure's for November, are capitally illustrated with several photographs taken in the South Seas and now first published. One shows Mr. Stevenson on horseback, another reclining on his couch playing the flute, and there are groups in which Mr. Stevenson appears. The letters are introduced by an article by his closest friend, Mr. Sidney Colvin. No finer piece of autobiography than these letters has ever been written. There is a great deal in them about Stevenson's literary work and plans.

ACADEMY NARROWLY DOWNED.

The College Preps. Win by Two Points.

On Saturday afternoon one of the prettiest and most exciting games of foot ball ever witnessed on the home grounds wa that between the Academy and College prep. elevens. A large—but not a paying—crowd was there to witness the hair pull—everybody that it was a well contested game throughout, with, perhaps, one or two exceptions. The game was scheduled for 2.30, and promptly at that time the Academy boys appeared on the field on a run. Kicking and falling on the ball was re orted to for a short time to get the boys limbered up for the approaching fray. For almost an hour the spectators were in doubt as to seeing the game, owing to the non-appearance of the College boys. Finally the visitors appeared on the ground, and in a few moments the game commenced. The preps. chose the west goal and the Academy took the ball for the kick-off. At the first line-up the visitors went around the end and scored a touchdown from the middle of the field. They failed to kick the goal and then the game commenced in earnest. Much to the surprise of everybody the home team put up a stiff game and during most of the first half kept the ball in the enemy's field. Shortly before the close of this half the home team by rushes through the line forced the ball over the line for a touch down, but the goal was a failure. At the close of the first half the score stood 4 to 4.

In the second half the visitors by a pretty run around the end carried the ball near the line and by hard bucking at the line succeeded in carrying it across for another touch-down. No goal was kicked. Score 8 to 4 for the visitors.

The Academy boys took a brace at this and by several pretty runs crossed the line for their second touch-down. Again no goal was kicked. Score 8 to 8.

At this stage of the game the Academy team commenced to weaken, but, however, kept the ball in the middle of the field most of the time. The visitors seeing a weak spot in the line hammered away at it and pushed the ball back near the Academy's goal.

Shortly before time was called a fumble was made by the home team and the ball was pushed over the line for a safety. Score 10 to 8.

No further scoring was done by either side and the visitors retired from the field victors by a small margin.

The tackling of Henderson was fine and elicited much favorable comment from the spectators. On a whole the Academy boys put up a good game, but showed that there is still room for improvement in their team work. Their interference was poor, which accounted for their inability to go around the visitors' ends.

On Saturday, November 9th the Williamsport High School team will play the Academy at the glass works meadow. The teams lined up on Saturday as follows:

Preps.	Position.	Bellefonte Acad.
Rees	right end	Lane
Dinmler, F	right tackle	L. Hughes
Barnes	right guard	Roan
Ruble	center	Rulofson
Stieren	left guard	Cochran
Boyd	left tackle	Eldredge
Miller	left end	Rothrock
Ewing	quarter back	J. hughes(capt
Shoffstall (capt)	right half back	Henderson
Pollock	left half-back	Curtin J.
Widner, D	full-back	Hastings

Preps. E. Dimmler, Bell, F. Widner.
Sub-Academy, C. Harris, C. Rogers, Referee George Bush. Umpire, W. W. Greenland, Linesmen, F. Widner, C. Harris.

Kept His Oath.

Every school boy should know this story of Abraham Lincoln's patriotism. While he was a raftsman on the Mississippi he had unloaded his cargo in New Orleans. The slave mart was near, and he chanced as he walked about to come to it. The auctioneer's hammer fell, and wives wept upon the necks of their husbands for the last time, and children were torn from their mother's arms forever. The raftsman's heart went out to these persecuted people. At last he whispered to his fellow-boatman. "If ever I get a chance to hit that thing I will hit it hard, by the eternal God." The Emancipation proclamation fonud out how well he kept his oath.

To Go to Atlanta.

On Saturday Representative H. R. Curtin was in Bellefonte. On Nov. 11th. He and Mrs. Curtin will leave for Atlanta as members of the Governor's party.

The entire party will travel in a spec al train of Pullman cars, and will include the Governor and his staff, the members of his Cabinet and their wives, the officers and members of the Pennsylvania Cotton States and International Exposition Commission and their wives, the members of Woman's Auxiliary Commission and their husbands, the judges of the Supreme Court and their wives, and the women commission from Pennsylvania appointed by Governor Pattison.

Got the Wrong Hat.

On Sunday evening at the close of services at the Methodist church William H. Parks got somebody else's hat in mistake. Anybody who also got a wrong hat will please communicate with W. H. Parks, Willowbank street, Bellefonte, Pa.

One Employe Fatally Hurt.

Braddock, Pa., Oct. 31.—An explosion occurred at furnace "B," Edgar Thompson steel works, this mornin., in which Jacob Schwartz was fatally burned. William Bosky was seriously injured and two others slightly injured.

Hotel Thief.

A man who is supposed to be a gentleman arrived in Bellefonte on Wednesday and registered at one of the prominen hotels in our city. After supper he went to the proprietor of the hotel and asked to have some money changed. The money was in the safe and the proprietor took out the small drawer to get the change for the man. While the drawer was lying on the counter the proprietor had occasion to turn his back for a moment and when he again turned around he discovered that a ring which a few moments before had been in the drawer was now missing. The man who wanted the meney changed was accused of the theft but flatly denied it. Nothing was done about the matter last evening but early this morning the thief walked into the office and delivered up the stolen ring to the proprietor notwithstanding the fact that only a few hours before he denied all know ledge of the ring. He became frightened after he had taken the ring and fearing arrest he decided to give it up. Instead of arresting the sneak as thief they should have done, he was allowed to go away unmolested. The man who stole the ring has relatives in Bellefonte which is the only reason his name and address are not given here. It is to be hoped this will be a dear lesson for him and that he will never attempt such a thing again in the future.

A Brilliant Lecture.

The lecture on Monday evening in the Presbyterian church, by Rev. F. J. Stanley on "The Marvelous Treaty of Peace Concluding the Chino-Japanese War," was listened to by a large audience. The lecture was one of the finest pieces of intellectual oratory eyer heard in our city. Dr. Stanley possesses a wonderful memory for statistics and the rapid way in which he computed table after table of dates and figures elicited much comment. His lecture was thoroughly enjoyed by everybody present, and it was a talk from which one learned many things unknown to him before. Dr. Stanley carries the attention of his audience with him in his every remark and everybody who was so fortunate as to hear him praised his effort in the highest terms. We hope he may soon come back to Bellefonte for he has surely made many fast friends by his brilliancy and wonderful knowledge.

Honoring Hastings.

The Cleveland Ledger on Sunday says: The members of the Republican County Executive Committee welcomed all of the distinguished visitors on behalf of the thousands of Republican voters of the county. They met the visiting speakers at the train, and did all in their power to made the visit plaasant. It was a dignified and noticeable little company that went to dinner when all had arrived. Around the table were Governors McKinley and Hastings, Senator Sherman, Colonel Shortledge, L. E. Beitler, private secretary of Gov. Hastings, Hon. M. A. Hanna, Col. M, T. Herrick, Hon. R. Porter, and the following members of the County Executive Committee: Messrs. Chandler, Nash, Closse, Christian, Brandt, Smithnight, Bruce, Fisher, Dille, Gloyd and Simpson.

A pleasant hour was spent at the dinner, and then the party repaired to the corridor, preparing for the meeting.

A Mean Trick.

One of the meanest tricks we have ever heard of has just come to our notice. On Sunday evening Rev. King drove up from his home at Milesburg to attend the Methodist church at this place. He tied his horse near the church while he was attending the services in the inside. When he came out to go home he found that his lap-robe, which he had placed under the buggy seat, had been stolen. The names of the guilty ones are known, and if the lap-robe is not immediately returned, the offenders will find themselves in the hands of the law. Another trick that is not very commendable is that of tearing brick out of the church walls. If the boys are found out it is going to go hard with them.

Agricultural Manufacturers to Meet.

The National Association of Manufacturers of Agricultural Implements and Vehicles, one of the most wealthy organizations in the United States, will hold its next annual convention on the grounds of the Tennessee Centennial Exposition next fall. This association is composed of 500 members and represents a capital of $100,000,000. The fact that this body has decided to meet in Nashville means that an unprecedented display of agricultural implements and vehicles will be made at the Centennial.

It Costs Little and Does Much.

Remark when you attend a play or concert how many people disturb the performance by coughing. One man begins and the cough seems to be contageous. The interruption is a great nuisance, and there is no need of it, for any one may cure a cough with the Pineola Balsam, which costs 25 cents. It sooths the inflammation in the throat and loosens the mucus, which clogs the air passages. A few doses of Ely's Pineola Balsam stop a cough and heals a sore throat.

Returned the Gate.

Last Thursday evening some boys removed the gate in front of the residence of Mr. and Mrs. F. W. Crider, on Linn street. The gate was still missing on Saturday and Officer Garis took hold of the matter and in a short time he had the boys walking back with the gate and fixing it in its place.

A NOBLE ACT.

A Life Insurance Paid by a Worthy Lodge To a Member's Widow.

On Saturday evening Col. W. W. Richie J. C. McCloskey, editor of the *Express* and Dr. George Eadie, Master Workman and Recorder of West Branch lodge No. 231 Ancient Order United Workmen, of Lock Haven came to Bellefonte for the purpose of paying to Mrs. Joseph Schulte of this place $2.000. Mrs. Schulte is the widow of the late Joseph Schulte who was killed a short time ago on the railroad. He held a beneficary certificate for the above named amount in the A. O. U. W.

The committee from Lock Haven arrived in Bellefonte on the evening train and after supper were joined by A. S. Garman William Fitzgerald and Roger Brouse, also members of the same lodge and they then proceeded to the home of Mrs. Schulte on East Bishop street. Dr. Eadie presented the check to the widow of the deceased member with the tribute that they were glad that they were able to help her. Mrs. Schulte replied in a written statement of thanks as follows:

To the officers and member of West Branch lodge No. 231 Ancient Order United Workmen. Gentlemen—I herewith acknowledge the receipt of $2,000 the full amount of insurance on the life of my husband Joseph Schulte deceased. I also extend thanks to the order for the sympathy and assistance extended to me in my bereavement. May the order continue to grow and to extend its helpfullness to the widows and children of its deceased members is my earnest wish.

MOLLIE A. SCHULTE.

Bellefonte Pa. Nov. 2, 1895.

"A friend in need is a friend indeed," and this was fully demonstrated by this kind and generous act of the A. O. U. W.

After a few more remarks the committe withdrew and the visitors left for home on the late train that evening.

The Archdeaconry Sessions.

The Archdeaconry of Williamsport district began its sessions at Sunbury Monday evening in St. Matthew's Episcopal church.

The Sunbury Daily says sixteen clergymen are in attendance. Tuesday morning the holy communion was celebrated. Rev. John Rockwell, of Cole's Creek, was the preacher. The ladies of the parish gave a dinner to the visiting clergymen at St. Matthew's parish house Tuesday afternoon. Tuesday evening a missionary service was held and three addresses were made. Wednesday morning was devoted to a service of prayer. The last service was held Wednesday evening and the sermon was preached by the Rev. Dr. Coxe, Archdeacon, of Scranton.

Reception Monday Evening.

Governor and Mrs. Hastings arrived in Bellefonte on Monday afternoon and were the guests of Col. and Mrs. W. F. Reeder on West Allegheny street. An informal reception was held on Monday evening, at which many of the Governors friends called to pay their compliments. During the evening the Undine band gave a beautiful sernade, which was highly appreciated. The Governor will speak at the opening of the Carnegie music hall at Pittsburg on Tuesday evening.

"1876 Climax"

Is the name of a superior quality of Brandy, placed on the market by the Speer N. J. Wine Co., as a companion to their Superior Old Port Grape Wine.

This old Brandy is a poor distillation from the grape and stands unrivalled. It is considered by eminent medical men far superior to most of the French Brandies for medicinal purposes, and is preferred by them to other brandies on account of its known purity. Sold by druggists.

A Fine Lecture.

The lecture delivered by Rev. Frederick J. Stanley in the Presbyterian church on Sunday morning on "God's Footprints Through the Occident and Orient," was a fine piece of intellectual eloquence from beginning to end. Dr. Stanley is an instructive and interesting speaker and his large audience was thoroughly pleased with his talk. He will also lecture in the same church this evening.

He was Under Guard.

In reply to the generous compliment tendered to Joshua Folk in last week's *Watchman*, that gentleman says in reply that when he and Abram V. Miller went to Harrisburg, they went as volunteer soldiers and not under guard as some other person did. People with such a war record as this person in question should not throw stones for fear their own glass houses might be broken.

Worse Than Rum.

Indigestion spoils more lives than rum. But you think you have "malaria" or "grip," or something worse. The trouble is all in the digestive tract. Ripan's Tabules bring a sort of Millennium with them. One gives relief, and their habitual use keeps the whole system in tone. Get them of your druggist.

LITTLE Forget Me Nots," Krauss' immensely popular waltz song, is decidedly the prettiest and most captivating hit of to-day. Sung nightly by first class companies. Regular price is 40 cents. For immediate introduction mailed two weeks for 10 cents. Address, National Music Bureau, 925 Hamilton Street, Allentown, Pa.

Women in the Law.

In colonial times, about 1696, a woman was admitted to practice at the bar in Maryland.

The next woman admitted to the bar was Mrs. Arabella A. Mansfield of Iowa, in 1869.

Up to 1891, twenty-three States had admitted women to the bar. Fifteen of these admitted them without requiring a change in the law, viz., Maine, New Hampshire, Connecticut, Pennsylvania, North Carolina, Michigin, Ohio, Indiana, Missouri, Iowa, Kansas, Nebraska, Utah, Wyoming, Washington, and the District of Columbia. Eight States held that a special act of the Legislature was necessary to enable women to be admitted, and passed such acts, viz., Massachusetts, New York, Illinois, Wisconsin, Minnesota, Montana, California and Oregon.

The first law school to admit a woman was that of Washington University, St. Louis. The first to graduate a woman was the Union College of Law, at Chicago. At least eleven law schools now admit women, and between one and two hundred women are practicing.

Women were admitted to practice before the U. S. Supreme Court in 1879, by Act of Congress.

This is an outline of the progress of women in the law up to 1891. We have been unable to obtain later figures.

An Excellent Recital.

The Shakesperian recital of "Hamlet" by Prof. Fred Going at the Y. M. C. A. rooms on Tuesday evening was an excellent rendition and greatly enjoyed by everybody present. Prof. Going labored under slight difficulties owing to the noise on the street, but he however came up to the expectation of all. It is extremely difficult to portray characters as real as did Prof. Going, when there is no stage realism and the actor is brought so close to the audience. Another recital will be given at the same place to-night.

CHINA paid the first $40,000,000 of the indemnity she owes Japan on last Thursday. That is a vast sum to be paid over by one nation to another, at one time, and it is to be followed by five others of about the same amount.
